# JUNIOR ESCOBAR

Wellington, FL.  |  +1 561-577-8575  |  [junioresc1092@gmail.com](mailto:junioresc1092@gmail.com)  |  junioresc.github.io

## Professional Summary

Passionate Full-Stack Web Developer with strong enthusiasm for both hardware and software technologies. Skilled in modern JavaScript frameworks, Python, and full-cycle application development.

## Experience

### The SilverLogic

*Software Engineer / Nov 2022 – Mar 2025*

- Collaborated with multiple cross-functional teams in an Agile/Scrum environment, managing workflows through Jira and daily stand-ups.
- Modernized legacy JavaScript codebases to ECMAScript 2015+ standards and transitioned projects from React class components to functional components with hooks and TypeScript.
- Designed and implemented RESTful and GraphQL APIs using Python Django REST Framework, ensuring robust data synchronization with external systems.
- Built and deployed a React Native mobile application for the App Store, establishing core architecture and front-end features.
- Developed and maintained a B2B ticketing platform, enabling business clients to purchase metropolitan railway tickets through a custom interface integrated with an external ticketing system.
- Contributed heavily to an internal Survey Builder and CRM platform, creating dynamic front-end logic to generate complex surveys and automate client workflows.
- Authored automated tests, participated in peer code reviews via Bitbucket, and utilized Jenkins CI/CD pipelines for deployment.
- Published internal packages to Yarn and PyPI, streamlining development workflows and package management.

### Simply Mac

*Apple Senior Technician / Jan 2021 – Jan 2022*

- Completed iPhone, iMac, and MacBook repairs in a high-traffic store, surpassing service revenue goals.
- Diagnosed hardware and software issues across Apple devices, performing advanced data recovery techniques.

- ◦ Earned certifications on ATLAS for Mac Studio, Studio Display, and full Mac/iPhone lineup repairs.

## *Palm Beach Mac Service*

*Apple Technician / Jan 2020 – Jan 2021*

- ◦ Provided authorized Apple repairs as the county's only certified service shop.
- ◦ Completed ATLAS training for iPhone 5-13 models, including new rear system repairs.
- ◦ Delivered excellent customer experiences while resolving hardware and software issues efficiently.

## Education

### *Cert / University of Central Florida*

*Full Stack Web Development / Nov 2020*

Learned fundamental knowledge of HTML, CSS, JavaScript, third-party APIs, Progressive Web Applications, MySQL, API design, and the MERN stack (MongoDB, Express.js, React.js, Node.js).

### *AS / Palm Beach State College*

*Computer Programming / Aug 2024 – Present*

## Skills

**Programming Languages:** JavaScript ES6+, CSS3, HTML5, Python, SQL, NoSQL Applications, GitHub, MongoDB, MySQL, Heroku, Adobe XD, Figma

**Tools & Frameworks:** Express, React, Node, Handlebars, GraphQL, Bootstrap, Tailwind

**Additional Technical Skills:** Python Django. REST Framework, React Native, Jenkins CI/CD, Yarn, PyPI, Bitbucket, Jira, TypeScript

**Hardware Repair Skills:** Apple device diagnostics and repairs, ATLAS certified for Mac Studio, Studio Display, iPhone 5-13 models
